Krista Mountain Stone — Pebbles (below)

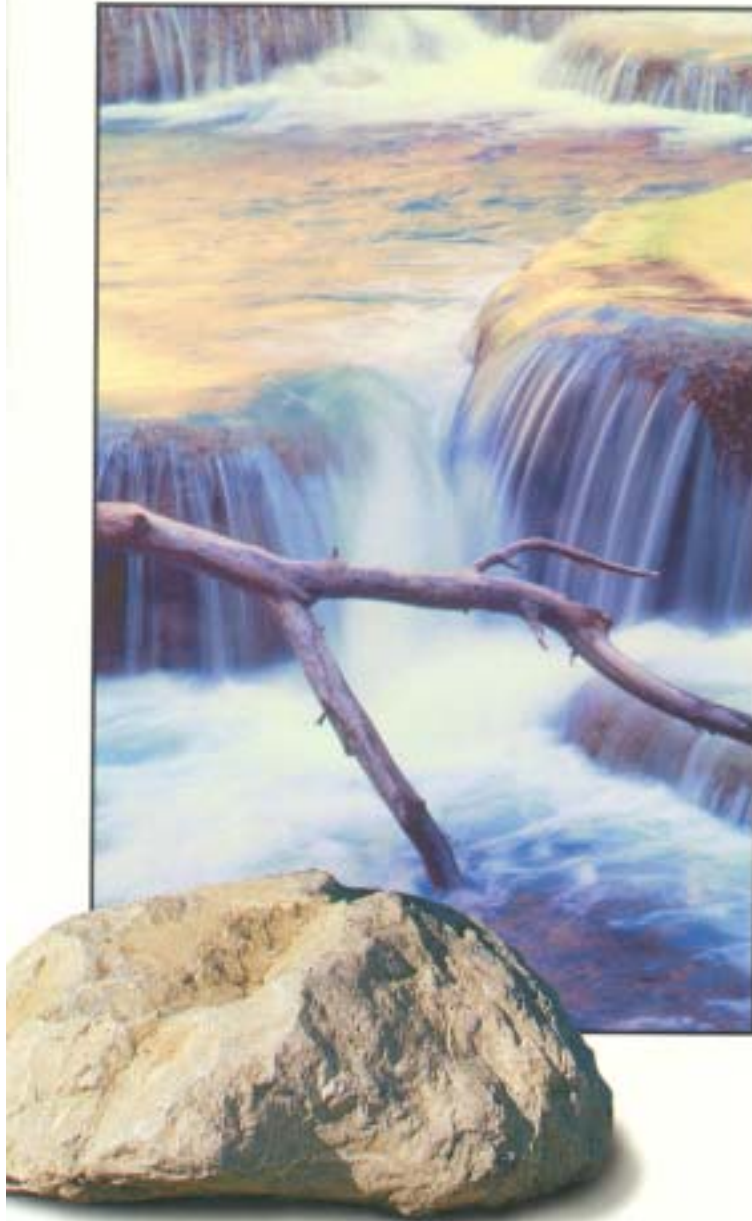

Yosemite Cobbles

Mixed Mountain Grey, Krista Mountain,
And Yosemite Cobblestones

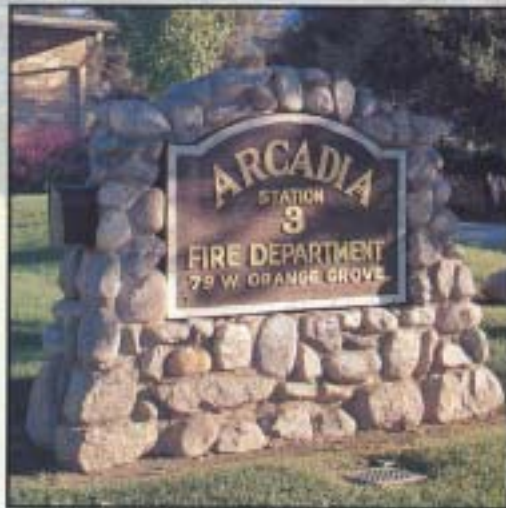

MOUNTAIN GREY COBBLE™

Nature's choice in a spectacular cobblestone.

Mountain Grey Cobble™ naturally harvested from riverbeds where these granite beauties have been lying just waiting to awaken your landscape project with their natural charm.

Mountain Grey Cobble™ is a unique cobblestone that can only be discovered in the San Gabriel Mountain Range. Years of scurrying down nature's roaring river cascades into stream beds have made this distinctive and durable cobble the primary choice throughout California, Nevada and Arizona. Mountain Grey Cobble™ is nature's choice in a spectacular cobblestone.

MOUNTAIN GREY COBBLE™

Inventory to meet the need, consistency in color, size and weight for dependable reorder.

Mountain Grey Cobble™ comes graded in sizes from 3 to 4 inches, 4 to 6 inches, 6 to 8 inches, 8 to 12 inches, 12 to 18 inches and boulders from 18 inches to 6 feet!

Palletized for your convenience, in 45 inch diameter by 36 inch tall baskets, using galvanized wire to protect the cobblestones from rust. Palletized material lends maneuverability, accessibility and ease of application for customer convenience.

MOUNTAIN GREY COBBLE

Never has simplicity been accentuated so well as with Mountain Grey Cobble™.
