

# T H I E L E

## My Wonderful Life

I was born September 13, 2010. I was named after my raiser's *Mother*.

I have three "siblings", two Labs and one Westie. They model good behavior. I try to follow their examples. My very favorite thing is to play, play, play.

I am affectionate, love to be cradled belly up. Tummy rubs are wonderful.

## Learning is key.

As you can tell by the pictures, I like learning. The picture in the upper left corner was taken at puppy kindergarten class.

We had four fun classes. I am near the center.

The picture in upper right corner was taken at Puppy Class.

We had six weeks of classes. I am on the far left.

My learning even extends to reading the most recent publications as shown in my picture taken at the bookstore.

The picture in the lower left is my family. My human family as well as my dog family.

I have had fun experiences. I got to sit on Santa's lap, helped with GDA Children's Workshops, have been to restaurants, where I am very quiet under the table and help my "mom" with quilting and scrapbooking.
